### HSE/INMO and SIPTU

Further to conciliation on 26<sup>th</sup> June 2018 between the representatives of the above-named parties in relation to the recording of student nurses in the HSE census, the following proposal has been issued by the Commission.

#### Proposal

- Management agree in principle to revert to the original methodology of recording student nurses in the HSE Census.
- Management reserve the right to revisit this matter in the future and will adhere to a consultative process with the Unions in this regard.

This proposal is issued on the basis that it is recommended for acceptance by both negotiating teams.
